PEDRO SORRENTINO

JAVASCRIPT DEVELOPER

With solid and extensive experience in software development, I have specialized in JavaScript, delivering innovative and cost-effective solutions across a wide variety of projects. I have enhanced website performance by optimizing load times and increasing traffic through effective SEO strategies. My focus is on generating tangible results and optimizing long-term efficiency, ensuring the sustainable success of each project.

MOST RECENT WORK EXPERIENCE

Freelance Web Developer

December 2014 - Present | Las Palmas, Spain
